APRIL 2009

LEST WE
FORGET

Let's take a moment to remember all those ANZACS who played such a pivotal role in making Australia the great nation it is today

Before Mt. Everest was discovered, what was the highest mountain in the world?

See over for answer

Life goes on...why wait?

"We should have done it 10 years ago" was John Narduzzo's response when asked about his move to The Grange. John and Jean moved to their first floor villa at the end of February. The move from their semi rural

property in Berry to The Grange was made easier by the warm welcome and friendliness received by other residents and Jo-anne and Darryl. John and Jean are long time residents of Berry.

Caravaners Invade

The Grange was delighted to host afternoon tea for over 40 caravaners at the beginning of March.

This year Berry hosted the annual Caravan 'Rally' organised by the NSW Association of Caravan Clubs, with over 175 caravans parked in Berry Showground for their week long stay.

Our bus was used to transport the visitors from the Showground to The Grange where they spent a few hours looking over our beautiful villas and enjoyed refreshments in the Broughton Club. Our on site caravan parking provisions for residents, at the Grange were quickly noticed and valued. Comments were also made regarding the spaciousness and finish of our villas.

Ballina is to host this event next year. Good luck guys!

*“Nobody knows
the age of the
human race, but
everybody agrees
that it is old
enough to know
better.”
(Unknown)*

Take a Holiday at The Grange

We are pleased to be able to offer prospective purchasers, friends and family of our residents overnight accommodation in one of our villas. Making the decision to move can be a challenging process. With this in mind, for a nominal fee, guests are welcome to sample everything The Grange and Berry has to offer. The two bedroom unit is fully furnished and equipped with all

linen and appliances. You only need to bring your food and beverages. After staying the night and experiencing the peace of mind of sleep-

ing in our secure estate, with its quiet surrounds, picturesque backdrop spacious villas and fantastic residents, you'll feel right at home.

Wildlife at The Grange

Another visitor to The Grange recently was the Australian Wildlife Conservancy. Shauna from the AWC gave a very informative talk to residents and their guests about the effective management of native habitats via the establishment of sanctuaries all over Australia. Shauna's talk was very well received. A morning tea sponsored by The Grange was enjoyed by all at the conclusion of her talk.

Answer to Riddle from Page 1:

Mt. Everest. It was still the highest in the world—it just hadn't been discovered yet!
